One day class

We'll be focusing on a sixteen-patch quilt top.

## **Room Set-up**

Irons to share

Ironing boards to share

Rotary cutter to share

Cutting matt to share

Ruler to share

Students to bring 8 ½ x 11 paper for copying quilt pattern (about 20 sheets for each student)

Printer or copier to make sixteen photo copies of patterns per student ☺

We will need some form of copier for the Quilted Portraits Class for copying everyone's pattern four times. During one of my classes, the guild provided an Epson RX680 3 in one printer. We scanned the patterns and printed out copies of them. This worked very well. Other times, we found a copy store nearby and made a trip to copy everyone's pattern. Or, perhaps, the place where the workshop is being held might have an office with a copier available. At any rate, it might be a good idea to have plenty of printer paper on hand.

Large Banquet tables: One or two students per table

Outlets, power strips, extension cords for the irons and sewing machines
